

FALL 2018 ADMISSIONS

SRAM is now accepting applications for admissions to the Fall 2018 semester. Applications must be submitted at <https://sram.omnivox.ca>.

Applications must be completed by **March 1, 2018, 11:59 p.m.** at the latest. SRAM must receive all required documents, including the payment by that deadline. Application fees are \$30 and are non-refundable. Applicants who experience difficulties completing their payment on the sram.omnivox.ca website can go to <http://admission.sram.qc.ca> to pay the application fees.

FALL 2018 ADMISSION DEADLINES

sram.omnivox system opens for Round 1 applications	January 16, 2018
Round 1 deadline	March 1, 2018, 11:59 p.m.
Round 1 answers posted on sram.omnivox	April 5, 2018
Round 2 deadline	April 23, 2018, 11:59 p.m.
Round 2 answers posted on sram.omnivox	May 11, 2018
Round 3 deadline	May 28, 2018, 11:59 p.m.
Round 3 answers posted on sram.omnivox	June 15, 2018

SENDING DOCUMENTS TO SRAM

- The fastest and most effective way for applicants to send documents to SRAM is to upload electronic documents directly to their online file at <https://sram.omnivox.ca>.
- Documents sent by mail must be received by SRAM before deadline. However, we do not recommend sending documents by mail as delays are often unpredictable.
- We do not accept documents sent by fax or email.

REMINDER OF THE MODIFICATIONS TO THE *TABLE OF AVAILABLE PROGRAMS – FALL 2018*

The <http://sram.omnivoxx.ca> portal has been updated with these modifications.

Unlike what has been printed in the *Fall 2018 – Table of available programs*:

- **Collège Bois-de-Boulogne** will offer:
 - *500.AF Arts, lettres et communication : option Arts*
 - *500.AJ Arts, lettres et communication : option Médias*
- **Centre collégial de Mont-Tremblant** (Cégep de Saint-Jérôme) will offer the program *500.AH Arts, lettres et communication : option Littérature*
- **Cégep Gérald-Godin** will be offering the new program *420.B0 Techniques de l'informatique* and not the *420.AA* version of the program.
- The program *260.A0 Water Sanitation* is now named **Water Technology** (the code is unchanged.)
- The **Mathematics prerequisites** have been changed for the following programs:
 - *153.A0 Livestock Production* : no mathematics prerequisite
 - *153.D0 Farm Equipment technology* : no mathematics prerequisite
 - *260.A0 Water Technology* : Secondary 5 CST or 526 Mathematics
 - *430.A0 Hotel Management* : no mathematics prerequisite
 - *430.B0 Food Service and Restaurant Management* : no mathematics prerequisite
- A mistake was made concerning the **mathematics prerequisite from the previous certification system** for the program *153.C0 Ornamental horticulture: landscaping and marketing* : the prerequisite codes should be *1/11*, meaning the prerequisites are CST Secondary 4 or **mathematics 436**.
